

LIPOSOMAL NUTRACEUTICALS

Deliver More. Absorb Better. Perform Stronger.

Liposomal technology for superior absorption and efficacy.

WHY LIPOSOMAL?

Absorption Matters More Than Dosage

Higher Bioavailability

Up to 3-5x Better Absorption

Faster Results

Rapid & Effective

Lower Dosage

Smaller, Powerful Doses

Gentle on the Gut

Easy on the Stomach

Superior Stability

Protected & Long-Lasting

LIPOSOMAL vs REGULAR

REGULAR NUTRACEUTICALS

- Low Absorption
- High Dosage

3-5x
MORE EFFECTIVE

LIPOSOMAL NUTRACEUTICALS

- Enhanced Bioavailability
- Targeted Delivery

DOSAGE FORMS WE OFFER

- › Designed for convenience, compliance, and consumer appeal:
- › Oral Liquids & Syrups
- › Ready-to-Drink Shots
- › Sachets
- › Capsules
- › Concentrated Suspensions
- › Custom dosage forms available

WHY PARTNER WITH US?

- › Your trusted CDMO for liposomal nutraceuticals
 - › Advanced liposomal encapsulation expertise
 - › End-to-end support: Concept to Commercialization
 - › Scalable manufacturing for startups & established brands
 - › Custom formulations & private labeling
- Strong quality assurance & documentation support

Product Benefits & Features

01

Improved Absorption
Enhances the bioavailability of nutrients for better effectiveness.

02

Stability Protection
Shields sensitive ingredients from degradation, ensuring longer shelf life

03

Targeted Delivery
Delivers nutrients directly to specific cells or tissues for precise health benefits.

04

Taste & Odor Masking
Masks unpleasant tastes and odors, making products more enjoyable.

05

Enhanced Cellular Uptake
Facilitates better absorption at the cellular level.

06

Low Dosage Requirement
Achieves effectiveness with smaller, more efficient doses

FSSAI-COMPLIANT. QUALITY-DRIVEN.

- › All formulations are:
- › Developed using FSSAI-approved ingredients
- › Designed within permissible dosage limits
- › Manufactured in certified facilities
- › Stability tested for shelf life & performance
- › Supported with labeling & regulatory guidance
